

# UNLOCK YOUR FARMAX DATA BY SHARING WITH AGRIGATE

## IN AGRIGATE CONNECT WITH FARMAX AS A DATA PROVIDER

1. When in Agrigate, click on your account name in the top right-hand corner, then click 'My Data Providers'.

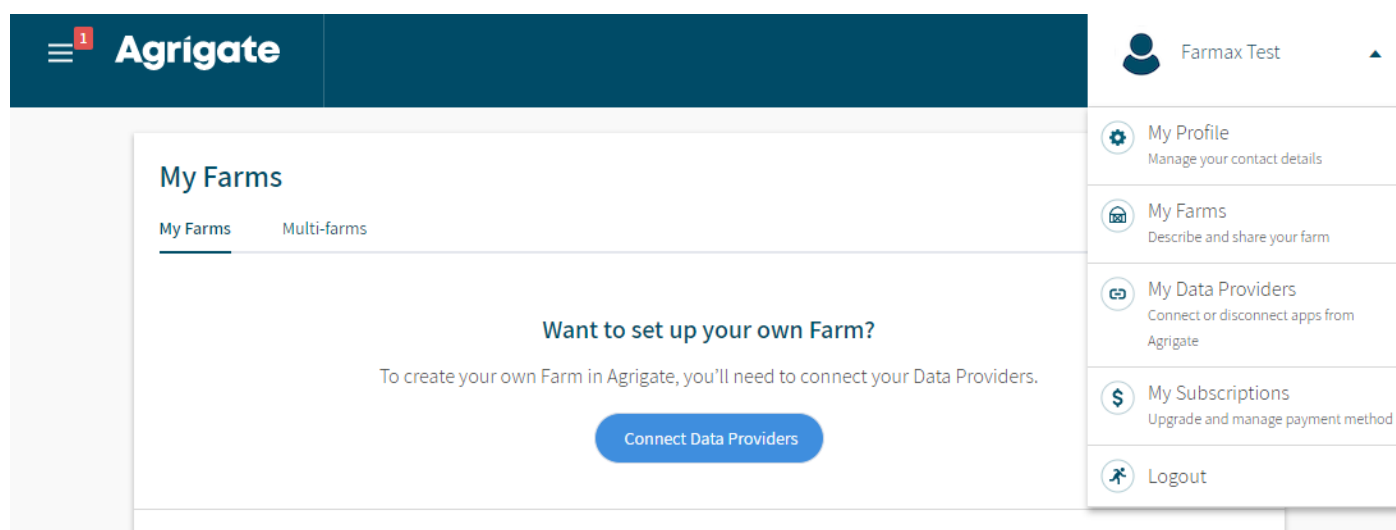

Figure 1: Agrigate homescreen

2. Find FARMAX in the list and click 'Connect'.

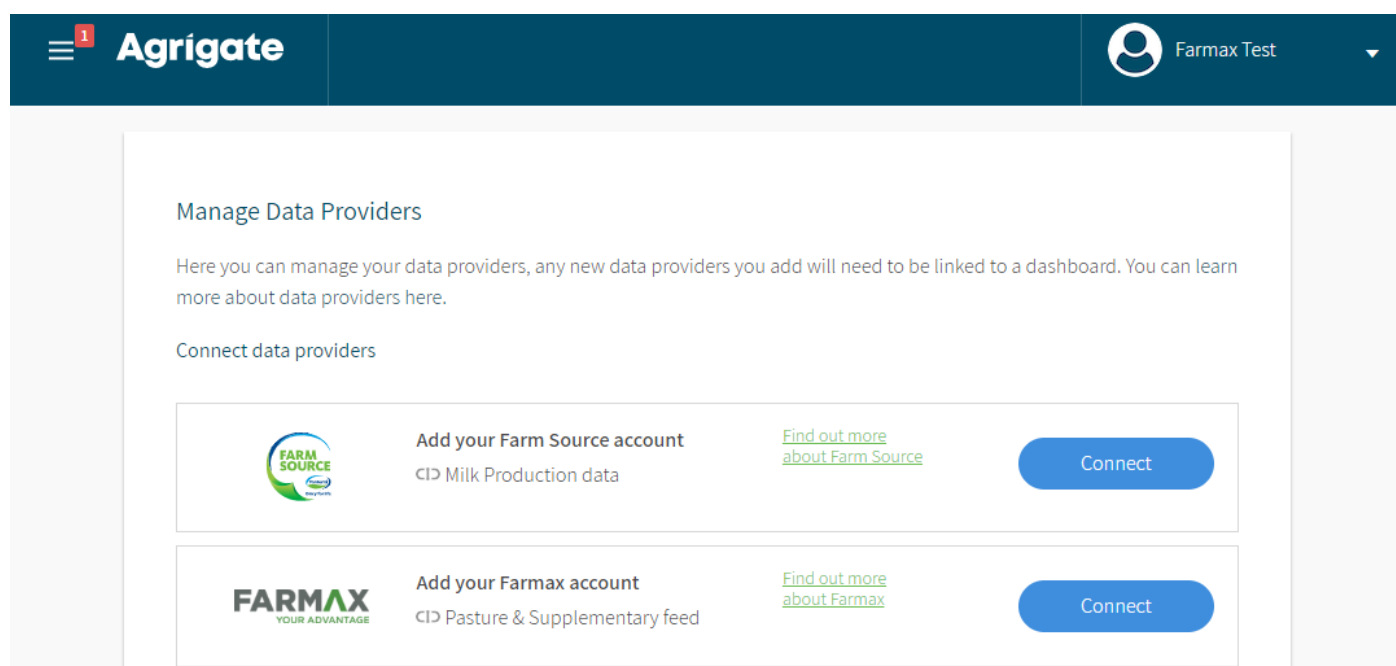

Figure 2: Agrigate Manage Data Providers screen

3. Sign in using your email address and password from FARMAX. If you haven't signed in before, contact Farmax to get this information on 0800 327 629 or at support@farmax.co.nz.

4. Choose your FARMAX farm from the dropdown menu.

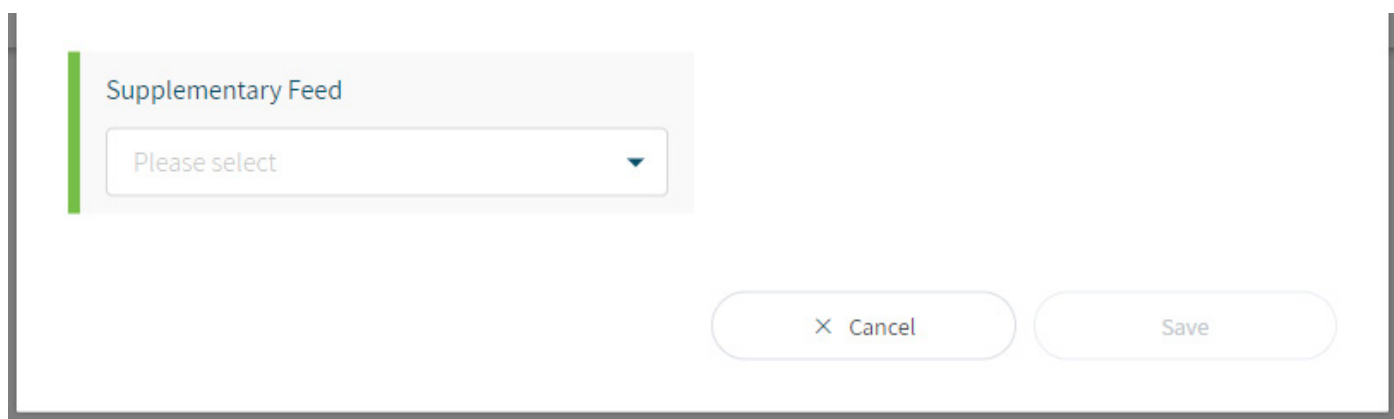

Figure 4: Farm selection dropdown menu

5. Once you have chosen your farm, click Save. FARMAX is now connected as a data provider.

## RETURN TO FARMAX

6. Now that you have connected in Agrigate, you can update your FARMAX monitoring file.

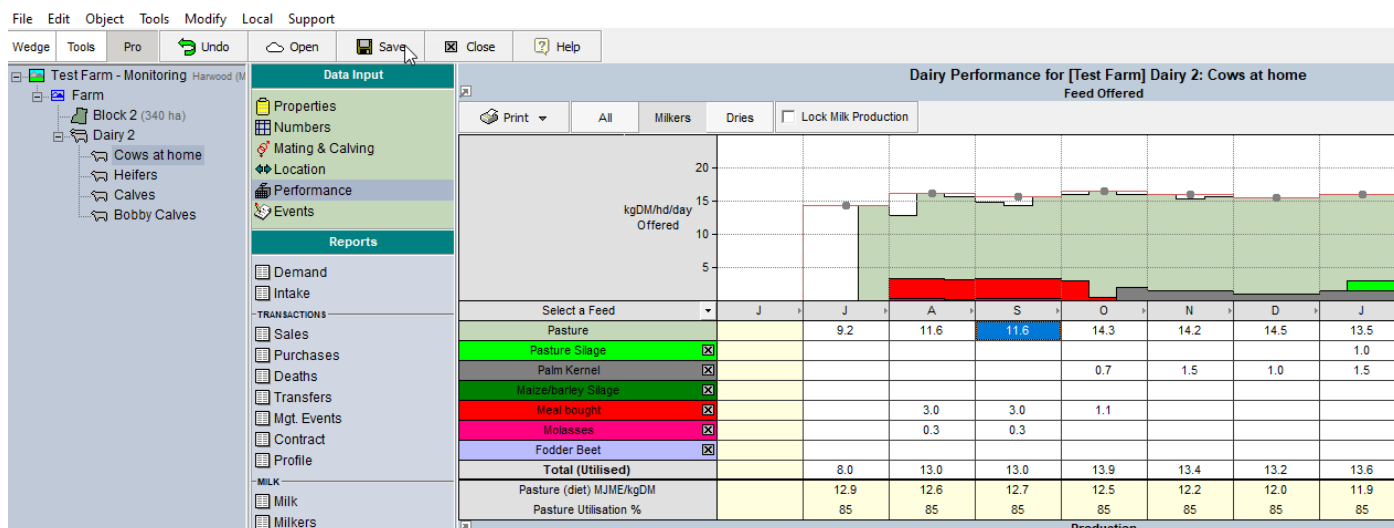

Figure 5: FARMAX file

7. When you save and close out of the monitoring file, FARMAX will send your latest Feed Intake data to Agrigate.

## RETURN TO AGRIGATE

8. When you next return to your farm dashboard in Agrigate, and you will see the Animal Feed Intake panel populated with your FARMAX feeding data.

Note: it may take up to 30 minutes after you save your data in FARMAX for it to appear in Agrigate.

9. Click the Animal Feed Intake panel to see more detail.

### Test Farm

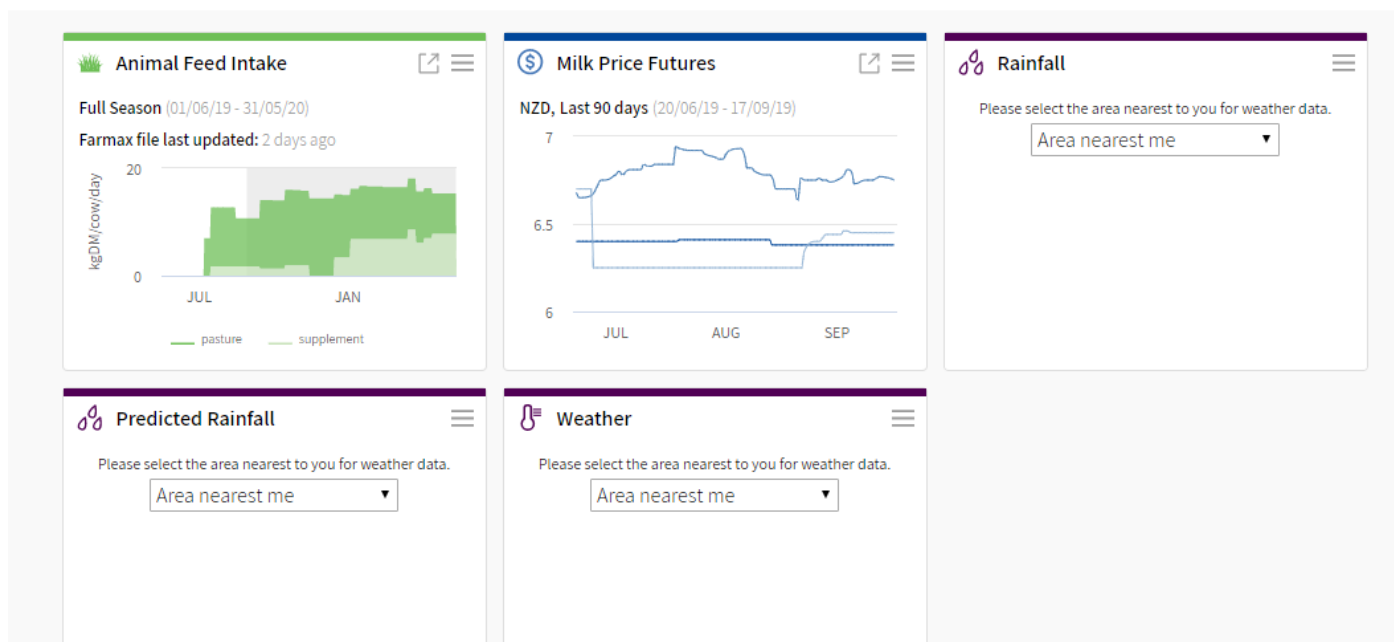

Figure 6: Agrigate-FARMAX display

10. In the Settings, you can choose to view intake for the next 90 days or the whole season. You can also choose to view the panel for milkers, dries or both.
11. If you have a mouse you can hover over the graph and you will get specific intake numbers per cow per day (changes in 10 daily periods as entered in FARMAX).

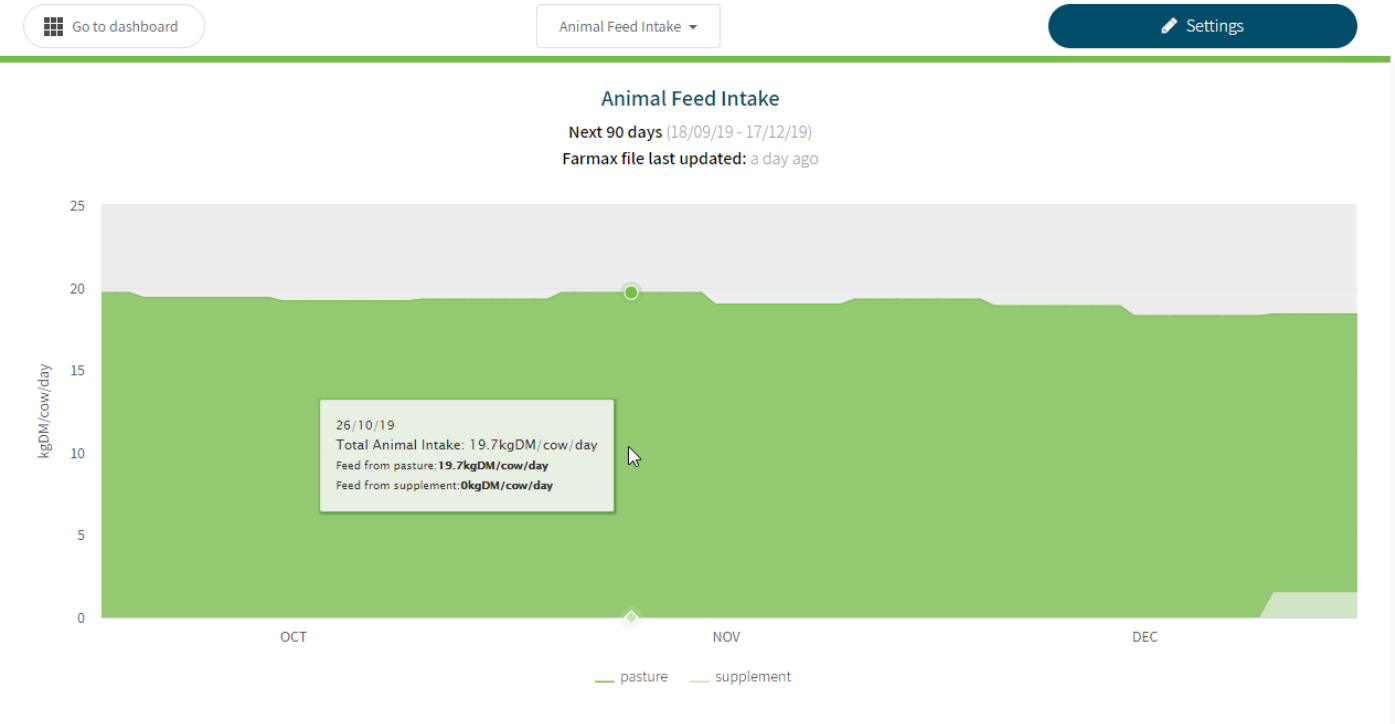

Figure 7: Animal feed intake screen

12. Below the Animals Feed Intake graph, you will see a plot of feeds offered by month. If you have a mouse you can hover over the feed categories to get specific numbers. As well as your Pasture Offered, your two most heavily fed crops and supplements are shown. All additional supplementary feed is combined in the Other category.
